

Lab Assignment 02

2021 – 2022 Spring, CMPE 114 - 211 Fundamentals of Programming II

Question 02

File `ManageStudents.java` that is available on Moodle, contains a driver program that uses the `Student` class. Save `ManageStudents.java` to your directory, and complete it as indicated by the comments defined in the file.

Submission

You need to implement all the answers of the questions as commented in Java files and upload your Java source files (`Student.java` and `ManageStudents.java`) as a single Zip file into the available Moodle submission.
